

# Blue Cut Fire

UPDATE  
August 20, 2016

## Evacuations reduced to Voluntary in Wrightwood

Immediate Release

August 20, 2016

Effective Saturday, August 20th, at 12:00 p.m., the mandatory evacuation orders for the community of Wrightwood will be reduced to voluntary. RESIDENTS ONLY will be allowed past the road closure at Hwy 138 / Hwy 2 by providing verification of residency to personnel assigned at the road closure.

We appreciate all the people who evacuated the Wrightwood area. The Blue Cut Fire posed a real danger to residents living in these areas. Your safety remains our top concern.

We ask that residents returning to the evacuation zone exercise caution. Firefighters, engines, and heavy equipment continue to operate in the area. The San Bernardino County Sheriff will continue enhanced patrols through these areas with additional units.

The remaining mandatory evacuations will be lifted as soon as the danger to residents has been reduced.
