09:30 a.m.

CALDOR FIRE ONLINE STRUCTURE DAMAGE MAP NOW AVAILABLE

El Dorado County Sheriff, in collaboration with CAL FIRE, has released a map displaying properties that have been inspected for any damage or any that have been destroyed by the Caldor Fire. This process is NOT complete and is ongoing. The map includes a list of damaged and destroyed structures provided by CAL FIRE's Damage Inspection Teams. Damage inspections, including locations, are preliminary and numerous sites still require confirmation. The CAL FIRE Damage Inspection Teams are working as quickly as possible to supply the needed information to those that were or have been evacuated. The icons on the map indicate the current known status of the structure. The map will be updated every day at 9:00 a.m. to reflect the validated collection points from the day prior. You can find the map at the following link <https://www.edcgov.us/Pages/Caldor-Fire.aspx>.

EL DORADO COUNTY

Residents may not return to any areas where Evacuation Orders remain. Please monitor the El Dorado County Sheriff Facebook page and news releases from CAL FIRE for ongoing information as to when evacuations are lifted. You will not be able to return to your property until it is safe to do so. For more information, on what to do when returning home after a wildfire visit <https://www.readyforwildfire.org/post-wildfire/>.
