INCIDENT FACTS

Incident Start Date: August 14, 2021		Incident Start Time: 6:54 P.M.			
Incident Type: Wildland Fire		Cause: Under Investigation			
Incident Location: 2 miles east of Omo Ranch, 4 miles south of the community of Grizzly Flats					
CAL FIRE Unit: Amador – El Dorado AEU					
Unified Command Agencies: CAL FIRE AEU, USDA Forest Service – Eldorado National Forest					
Size:	217,569	Containment:	50%		
Expected Full Containment:	September 27, 2021				
First Responder Fatalities:	0	First Responder Injuries:	7		
Civilian Fatalities:	0	Civilian Injuries:	2		
Structures Threatened:	24,647	Structures Damaged:	80		
Single Residences Destroyed:	776	Commercial Properties Destroyed:	18	Other Minor Structures Destroyed:	202

ASSIGNED RESOURCES

Engines:	334	Water Tenders:	83	Helicopters:	42	Hand Crews:	69	Dozers:	57
Other:	34		Total Personnel:		4,820				
Air Tankers:	Numerous firefighting air tankers from throughout the state are flying fire suppression missions as conditions allow.								

CURRENT SITUATION

<p>WEST ZONE</p> <p>Situation Summary:</p> <p>Incident Information:</p> 	<p>The fire continued to be active throughout the night with minimal growth along the northeast and southern edges of the fire. Poor overnight humidity recovery and warm temperatures allowed interior islands to burn and smolder. Firefighters worked diligently to mitigate spot fires throughout the evening. Today, crews will continue to work along Highway 50 to clear hazard trees to support safe repopulation in the coming days. Damage inspections are in progress with approximately 95% of structures assessed.</p> <p>To better provide public and firefighter safety due to extreme fire conditions throughout Northern California, and strained firefighter resources throughout the country, the USDA Forest Service Pacific Southwest Region is announcing a temporary closure of all National Forests in California. The closure order can be found at https://tinyurl.com/USFSClosure.</p>
--	---

<p>EAST ZONE SITUATION SUMMARY:</p>	<p>Overnight crews continued to work throughout the East Zone. In the Desolation Wilderness, specialized crews trained in Minimum Impact Suppression Tactics which are designed to create effective fire line using the lightest touch possible on the landscape, worked late into the night constructing hand line and mopping up. These self-contained crews will remain in the Wilderness, allowing them to maximize their time fighting fire instead of travelling back and forth to this isolated location.</p> <p>In the Upper and Lower Echo Lake area, crews monitored fire activity and continued to protect structures as the fire backs downhill. Throughout the East Zone, crews strengthened, and improved line built by the day shift ensuring containment lines held overnight. Crews working through the night monitoring and maintaining the constructed handline are allowing the day shift to continue their aggressive tactics built upon each day's gains.</p> <p>The increased temperatures, higher winds and thunderstorms forecast for later in the week may increase fire activity. These conditions create greater potential for spotting in the very dry unburned fuels outside of containment lines.</p> <p>Today crews will continue to aggressively mop up, increasing the depth of the containment lines and extinguishing hot spots. Structure protection, securing and completing containment lines, and hazard tree felling along the Highway corridors are the top priorities. Hazards along Highway 50, including severely damaged trees are being mitigated as quickly as possible to allow for highway's re-opening as soon as is practicable.</p> <p>Late yesterday the El Dorado County Sheriff's Office downgraded the area West of Ice House Road, from the Placer County line, South to Highway 50 and East of Junction Reservoir to an Evacuation Warning.</p>		
<p>LOCAL ASSISTANCE CENTER:</p>	<p>Address: 6699 Campus Drive, Placerville, CA 95667. Located at Folsom Lake Community College, El Dorado Campus, Fitness Center Building.</p> <p>Mon., Tues., Thur., Fri. 10:00 a.m. to 5:00 p.m. Wed. 1:00 p.m. to 7:00 p.m. Sat. 10:00 a.m. to 3:00 p.m.</p>
