SOBERANES FIRE: EVACUATION WARNING

An evacuation warning has been issued effective 6 p.m. on Sunday August 28, 2016 for a small section of Monterey County along the Pacific Coast Highway.

An evacuation warning is a precautionary notice that an evacuation order may become necessary if the threat increases.

The evacuation area is bounded on the north by Castro Canyon, on the south by the Julia Pfeiffer Burns State Park, on the east by Ventana Coast Ridge Road and on the west by Highway 1 (Pacific Coast Highway).

The warning is due to an expected increase in wind associated with a passing weather front forecast from Sunday evening through Tuesday evening.

All residents under a warning should prepare to leave this area. Be sure to take any medications, pets, important documents and family valuables with you if asked to leave. Close all windows and doors before leaving.
