Emergency fire closures reduced in size

Alturas, Calif., Aug. 1, 2017 -- The Modoc National Forest has reduced the size of all three emergency fire closures for the Cove Fire east of Adin, Steele Fire east of Clear Lake and Parker 2 Fire in the Warner Mountains.

To view the full Forest orders and maps, please visit the Modoc National Forest Alerts and Notices page at <https://www.fs.usda.gov/alerts/modoc/alerts-notice>.

Residents and visitors to the forest should be aware of the potentially dangerous conditions around active fire and burned areas. Increased fire vehicle traffic on roadways continues.

Fire-safety restrictions are in effect for the entire Forest and are found on the web at <https://goo.gl/KeTNzU>

High temperatures and possible thunderstorms continue in the forecast. Please monitor weather and fire activity while planning trips.
