Beckwourth Complex Update: July 22, 2021

Beckwourth Complex	Acres	Percent Containment	Total Acreage	Overall containment	Total Personnel
Dotta	594	100%	105,670	96%	686
Sugar	105,076	96%			

Resources: 11 crews, 31 engines, 1 helicopter, 2 dozers, 16 water tenders

Virtual Community Meeting: A virtual community meeting will be held this evening at 6:00 p.m. The meeting might be a recorded presentation—as opposed to Facebook Live—if full power is unavailable at the incident command post in Susanville. The meeting will be on the Plumas National Forest Facebook page (link above). The direct link to a live meeting event is <https://fb.me/e/3AraYOZes>; one does not need a Facebook account to watch the meeting.

Current Situation: The incident’s fire behavior analyst does not anticipate that the fire will spread outside its current perimeter. Crews are working toward containing the last remaining section of open fireline on the west side of the fire. Elsewhere around the fire perimeter, firefighters are identifying and extinguishing all sources of heat—for example, smoldering stumps—that they find up to 300 feet within the fireline. They are also backhauling, which is when they clean up and return supplies, equipment, and trash to the base camp. Fire-suppression repair work is also in progress. Firefighters are prepared to respond to new fire starts around the Beckwourth Complex as needed. Smoke from the Dixie Fire continues to spread across large portions of northeastern California and western Nevada.

The Dotta Fire within the Beckwourth Complex is 100 percent contained. Smoke may be visible as pockets of vegetation in the fire’s interior smolder or burn. Firefighters patrol the entire fire daily.

Today, California Interagency Incident Management Team 5 is transitioning with a local Type 3 incident management team, and transfer of command will occur tomorrow, July 23, at 6:00 a.m.

Evacuations: Check your county’s web and social media pages for current evacuation information.

- Plumas County: [Plumas County Sheriff's Office | Facebook](#)
- Lassen County: [Lassen County Sheriff's Office | Facebook](#)

Road and Forest Closures: Highway 395 is open. However, National Forest System lands and roads in the fire area are closed under Plumas National Forest Order No. 05-11-01-21-12. View the order and map: <https://inciweb.nwcg.gov/incident/article/7601/60733/>. Monitor Caltrans's District 2 website (<https://dot.ca.gov/caltrans-near-me/district-2>) or Twitter feed for current highway-closure information.
