## River Complex /

<u>River Complex Wildfire Status</u>	<u>Resources</u>
Acres Burned: 13,827 Cause: Lightning Date Started: 7/30/2015 Percent Contained: 10 percent Expected Containment: Oct. 1, 2015	Crews: 8 Engines: 37 Helicopters: 1 Air Tankers: Available Total Resources Assigned: 587

**Current Fire Situation:** The fire is expected to be more active today due to a weaker inversion. Winds will be favorable to firefighters working on the west flank, and will push the fire to the east back into itself. The clear skies allow for the use of aircraft to support firefighters on the ground.

Crews have been successful in using direct tactics on the fire with the construction of hand and dozer line along the southwest corner of the complex. Today the effort to build direct line will continue on the west flank. One of the objectives of western fireline is to keep the fire east of the Hoopa Indian Reservation. Additionally, areas on the east and northeast sides of the fire will be scouted for future line construction.

### Area Closures and Evacuations

The Trinity County Sheriff's Department mandatory evacuation are still in effect for Denny, Dailey, Hoboken and Bell Flat areas due to increased fire activity and limited resources to provide structure protection. A hard road closure is in effect on Denny Road at the junction of Forest Road 7N26 at Onion Saddle.

Forest area trail and road closures are in effect on the Six Rivers and Shasta-Trinity National Forests. For more information on these closures visit <http://inciweb.nwcg.gov/incident/article/4431/26432/>.
