Hopewell Road Placed Under an Evacuation Warning

On Saturday, Fresno County Sheriff's deputies issued evacuation warnings for the area along Hopewell Road north of Highway 180 and east to the Sequoia National Forest boundary.

The Sheriff's Office would also like to warn hunters and other off-road enthusiasts to drive carefully and have a heightened awareness of fire personnel actively working in the area, particularly in Balch Camp.

All other previously issued evacuation notices, mandatory and warning, remain in effect.
