Structures Threatened: 119	Structures Destroyed: 856	Structures Damaged: 71	

CURRENT SITUATION

Current Situation:	<p><u>General Information</u></p> <p>Fresno County Sherriff is advising that there are 60 vehicles that were left behind from the beginning of the fire that will be coordinated for collection from Florence lake on Saturday October 17, 2020 and Edison Lake on Sunday October 18, 2020. If a vehicle's owner has not notified the Sherriff Department, they need to do so can be reunited with their vehicles.</p> <p>As of Wednesday October 14,2020, the information trailer is no longer located at Sierra High School. If you have any questions regarding the Creek Fire, please refer to the contact information listed above.</p> <p>Sierra National Forest is closed until November 1,2020. At that point they will re-evaluate the closer.</p> <p><u>South Zone:</u></p> <p>The fire remains to be active near Cassidy Meadow and south of the San Joaquin River near Junction Bluffs. Due to weather conditions today, a planned firing operation was canceled. Operations will evaluate and plan for other opportunities.</p>
---------------------------	--

	<p>Suppression lines are currently being repaired. This total reflects 251 miles of Dozer line, of which 46 miles has been repaired and 94 miles of Hand Line Construction, 2 miles has been repaired. Suppression repair work is occurring on approximately 350 miles of line and assessments of impacts are nearly complete.</p> <p><u>North Zone:</u></p> <p>On the western side of the fire from the San Joaquin River north to the Little Shuteye Peak area crews continue to patrol and monitor for hot spots along the containment lines. In addition to patrolling for hot spots these crews are also cutting hazard trees and chipping wood debris. Near Little Shuteye Peak a crew continues to work on that section of fire line. Farther northwest near Upper Chiquito crews continue to patrol and mop up along the containment line. In addition, suppression repair and rehabilitation work of constructing water bars to prevent erosion is being done on indirect lines. The Roads Group continues to work on cutting hazard trees in order to widen a safety barrier along roads affected by the fire. The Structure Group finished repair to hand lines in the Portuguese area and continues to monitor the fire conditions near structures to make sure they remain secure.</p> <p><u>Weather:</u></p> <p>Hot and dry weather continues through Saturday. Strong nighttime inversions and minimum humidity are expected. High pressure will become located over the state into the weekend. This will also confine smoke to drainages and valleys decreasing visibility and air quality.</p>
