

Fire, Weather and Smoke Synopsis

Fire weather continues to favor active burning in the Beaver Creek fire. West winds will push smoke more towards **Laramie** today and likely to get Moderate smoke impacts today. **Walden** and **Cowdrey** will have lower smoke levels today. **Saratoga** is expected to have Moderate levels this morning with clearing in the late afternoon today. More smoke is expected today with clearing skies as fire activity continues. Smoke may create hazy skies across for North Park, Cheyenne and Laramie today. Fort Collins should have light smoke levels today.

Air Quality Outlook

Sites with air quality monitor

Site	Yesterday	Today	Tomorrow	When smoke may be worse
Laramie	Good	Moderate	Good	May reach Moderate levels today.
Saratoga	Good	Moderate	Good	Expected Moderate smoke impacts in the morning with clearing in late afternoon.
Cheyenne	Good	Good	Good	May reach Moderate levels this afternoon.

Sites without a monitor

Site	Today	Tomorrow	When smoke may be worse
Lake John	Good	Good	Smoke may settle in after midnight, clearing around sunrise.
Cowdrey	Good	Good	Light smoke may be present this late afternoon.
Walden	Good	Good	Light smoke may be present this late afternoon

Disclaimer: Conditions may change quickly. These predictions are based on anticipated weather and fire activity. AQI estimates for sites do not represent a full 24-hour time period. Instead they reflect a period of time within the day where smoke impacts would be greatest.

Air Quality Index (AQI) Levels of Health Concern	ACTIONS TO PROTECT YOURSELF
Good	None
Moderate	Highly smoke sensitive people should consider reducing prolonged or heavy outdoor exertion.
Unhealthy for Sensitive Groups (USG)	People within Sensitive Groups* should reduce prolonged or heavy outdoor exertion. Everyone else may find relief by limiting prolonged or heavy outdoor exertion.
Unhealthy	People within Sensitive Groups* should avoid all physical outdoor activity. Everyone else should avoid prolonged or heavy outdoor exertion.

* Sensitive Groups include people with heart or lung disease, children, pregnant women and older adults
