

Weather: Dry and warm conditions during the day with winds from the NW over most of the area.

Fire activity: The fire was quite active yesterday under much drier conditions, especially on the SE corner. Continued active conditions are expected for the next couple of days.

Smoke Summary: Active fire conditions and a dry flow from the NW, combined with some smoke from the Cliff Creek and Lava Mountain Fires in western Wyoming will continue to create very hazy conditions over much of South Park and the North Platte River Valley. Smoke will also be noticed from the western side of Rocky Mountain National Park.

Air Quality Outlook (smoke-related)

Sites with air quality monitors (based on Air Quality Index for each 24-hr day)

Site	Yesterday	Today	Tomorrow	When smoke may be worse
Laramie	Good	Moderate	Moderate	Hazy skies from fires in western Wyoming most of the day.
Walden	Good	Moderate	Moderate	USG during the morning hours then again in the evening and overnight, with very hazy skies during much of the rest of the day.
Cheyenne	Good	Good	Moderate	Hazy skies from fires in western Wyoming most of the day.

Locations without monitors

Site	Today	Tomorrow	When smoke may be worse
Lake John	Moderate	USG	USG during the morning hours then again in the evening and overnight, with very hazy skies during much of the rest of the day.
Saratoga	Moderate	Moderate	Hazy skies from fires in western Wyoming most of the day.
Cowdrey	Moderate	Moderate	USG during the morning hours then again in the evening and overnight, with very hazy skies during much of the rest of the day.

Disclaimer: Conditions may change quickly. These predictions are based on anticipated weather and fire activity.

Air Quality Index (AQI) Levels of Health Concern	ACTIONS TO PROTECT YOURSELF
Good	None
Moderate	Highly smoke sensitive people should consider reducing prolonged or heavy outdoor exertion.
Unhealthy for Sensitive Groups (USG)	People within Sensitive Groups* should <u>reduce</u> prolonged or heavy outdoor exertion. Everyone else may find relief by limiting prolonged or heavy outdoor exertion.
Unhealthy	People within Sensitive Groups* should <u>avoid all</u> physical outdoor activity. Everyone else should avoid prolonged or heavy outdoor exertion.

* Sensitive Groups include people with heart or lung disease, children, pregnant women and older adults
