Castle Rock Fire
08/23/2007

INFRARED IMAGERY MAP

Fire Name: Castle Rock Fire

Date Flown: 08/22/2007 **Time Flown: 1914 MDT**

Size: apx. 16,890 AC. **Scale: 1:23,000**

IR Interpreter: Jim Grace

N

Heat Perimeter

Imagery Obscured by Clouds

Intense Heat

Isolated Heat

Fox Creek

Heat was so close to imagery edge that the area was distorted. Needs field verification.

Area outside heat perimeter, South to Adams Gulch possibly burnt. Needs field verification in area.

Adams Gulch

Sun Valley

Warm Springs Rd.

Ketchum

Bald Mtn. Lookout

Area outside and to the South and East of Heat perimeter was covered by Heated gasses therefore obscuring possible heat.

Greenhorn Gulch
