FOR IMMEDIATE RELEASE

Little Valley Fire

Only morning updates will continue daily as needed.

Washoe Valley, NV –Little Valley Fire is 100% contained. Acres remain at 2291 and are not expected to change. The cause of the fire is still under investigation.

Firefighters continue to grid the area for hot spots, mop-up around structures and secure the fire line to ensure no fire growth occurs and the existing footprint of the fire does not change. Crews continue to patrol and monitor the fire perimeter and repair damage to roads that occurred from fire suppression activities.

A transfer of command from Martin's Type 1 Great Basin Incident Management Team to Saucedo's local Type 3 incident management organization occurred this morning. Truckee Meadows Fire Protection District is staffing additional brush engines and will be patrolling residential areas at night, and duty crews continue to provide support to those areas in the daylight hours.

All evacuations have been lifted and all roads are open.

Continued warming trend today, sunny with a high of 70-75 degrees. Wind will shift to the southwest Friday with increasing winds early next week. By Sunday southwest winds could reach 15-25 mph with gusts to 60 mph along the ridges.

For fire information please call 775-782-1429.
