Fire that had moved past the containment line in division J.

The crew is working on containment objectives.

The crew's gear is lined up for inspection.

This dozer is building line around a spot fire.

Firefighter patrolling handline.

Firefighters in this photograph are working on the burnout operations of July 15.

The crew is on hand to be certain that the fire does not move past the containment line.

This is the fire as seen from the 41 road.
