Saturday, July 19, 2014 – 5:30 p.m. PDT

Due to active fire behavior on the southeast flank of the Camas Prairie Fire, the Pacific Northwest Team 2 has recommended to Confederated Tribes of Warm Springs that a Level 1 Notification is necessary. A level 1 notification alerts tribal members to be prepared to leave if the fire moves closer (the Tribal Police Department will provide all notifications); a level 2 notification alerts tribal members to be prepared to leave on a moment's notice, and a level 3 notification alerts tribal members to leave immediately.

Warm Springs Tribal Police will immediately begin to advise tribal members in the Sidwalter Flat area, as defined:

East of Sidwalter Lookout, Sidwalter Buttes and Old Mill camp to Hwy 26; the B180 on the north and the B130 on the South; east to Hwy 26, including several residences to the east of the Highway and two residences south on Hwy 26 in the Mill Creek Viewpoint area.
