Assessment of Need and Enforcement Plan

Background: An emergency closure order is necessary for public safety due to a forest fire in the Manastash Ridge area. Trails provide the only means of access to this area. It is prudent to close these trails until fire is suppressed and the area is safe for public occupancy. Only Agency personnel, or those persons involved in firefighting and suppression activities or law enforcement patrols are allowed access under this permit. This closure is based on recommendations of the District Ranger, Fire personnel, and law enforcement personnel due to public safety and fire fighter safety concerns.

Intent of Closure: To provide for public safety during the time that wildfire hazards remain.

Enforcement Plan: The following activities need to occur to implement this special order in a manner that results in public acceptance and safety:

Action	Responsible Official	Date
Prepare proposed order	District Ranger	
Review proposed order	Patrol Captain	
Approve proposed order	Forest Supervisor	
Prepare news release for local Media	Public Information Officer
