Thunder Basin National Grassland*

**Friday October 23, 2020
8:00 a.m.**

Please note: This Fact Sheet is the last daily update in this format. Updates as needed will be available on InciWeb (see below for link).

Location	The Mullen Fire is approximately 38 miles west of Laramie, Wyoming.
Size & Resources	Roughly 176,878 acres as of 10/22. Approximately 385 firefighters and support staff.
Containment	81% contained
Overview and Advisories	<ul style="list-style-type: none"> • Smoke from burning stumps and other heavy fuels within the fire was more visible Thursday, particularly along highway corridors. • Because of the current cooling trend, fire behavior is expected to decrease for the next few days. • Approximately one mile of chipping and brushing remains to be completed along Forest Road 225. • Firefighters continue monitoring, mopping-up, removing equipment and repairing damage. • A National Forest area closure remains in place for much of the southern Snowy Range. Travelers on open roads and highways are asked to stay on roadways and not enter the forest. • For evacuation and closure area information, please refer to the Albany County Sheriff Facebook page: https://www.facebook.com/Albany-County-Sheriffs-Office-618424944997540/
Notices	<ul style="list-style-type: none"> • Landowners with private lands affected or damaged by fire suppression activities are invited to submit questions or concerns about repair efforts to 2020.Mullen@firenet.gov.
